

Parent Teacher Conferences

Parent Teacher Conferences always stand out as one of the main events of the school year.

Thank you for taking the time to meet with us during Parent Teacher Conferences. We enjoyed the opportunity to share your child's progress with you. As always, please let us know how school is going for your son and/or daughter. We welcome your comments.

The teachers have used a range of assessment tools as well their overall judgement of the progress to write and share the reports. It is a well-known fact that children who are supported in their learning both at school and home have a greater opportunity to succeed in their learning.

It was encouraging to see the students actively contribute to the conversations during the conferences. Student voice is greatly valued.

CONGRATULATIONS I am very pleased to inform you that **Mrs Joyce Joseph** has accepted the position of Deputy Principal at Mayfield School. Mrs Joseph is an experienced leader who is excited to share her knowledge and skills with the children, staff and the community.

Three teams from Mayfield School participated in the Otara Cluster Netball Tournament. This was a fantastic event that brought much excitement and pride to the players and the school. The players looked smart in their uniforms and their performance on the courts was most impressive, achieving 2nd, 3rd and 4th places in the cluster.

Mayfield success at the netball Tournament can be attributed to the wonderful coaching by Mrs Finau and whaea Benioni. The enthusiasm and motivation with which the students played their games was a credit to them and the coaches. Thank you, Mrs Finau, and whaea Benioni for the opportunity you provided for the students this term.
